
Youth on the Air Camp 2022 Dates and Location Finalized

The second camp for young amateur radio operators in North, Central, and South America is scheduled to take place June 12-17, 2022.

WEST CHESTER, Ohio, December 29, 2021—After a successful pilot camp program in 2021, the next Youth on the Air Camp for the Americas has been scheduled for June 12-17, 2022. The camp will return to the National Voice of America Museum of Broadcasting in West Chester Township (North Cincinnati), Ohio for 2022.

The camper application period will open online February 11, 2022 at youthontheair.org. Eligible youth are licensed amateur radio operators between ages 15 and 25.

A total of 30 campers will be accepted. Some of the 30 spots will be reserved for campers who reside outside of the USA but do reside in the Americas. Priority will be given to first-time attendees. Returning attendees will serve as leaders during the camp.

We know that changes in the COVID-19 pandemic status between now and June will have an impact on hosting the camp. Should we not be able to host the camp or if we need to reschedule, we will let everyone know with as much notice as possible.

Beginning in 2022, the camp dates will be alternated as much as possible between June and July every other year. Beginning in 2023, the location of the camp will rotate to various other sites within the Americas. A “bidding” process will be announced in which IARU member societies and clubs can apply to be the host of the regionwide camp.

For details about the camp and/or to sign up for updates by email, visit the camp web page at YouthOnTheAir.org.

For additional information, please contact Camp Director Neil Rapp, WB9VPG at director@youthontheair.org.
